

Popy

I would like to introduce myself. My name is Popy, which is short for Penelope. I am now 26 years old and an donkey with a small user manual.

I haven't always been treated well, so sometimes I react a bit differently than expected.

I may not be the most beautiful donkey, but my beauty lies on the inside. Most people can see it if they pay close attention.

In the early morning, I'm not the fastest. It takes me a while to get going. Don't think I'm lazy, it just takes a little longer.

During the walks, it can be challenging because the other 3 donkeys in my herd have much longer legs. However, I am much better at climbing than they are. But you won't see that from me because I only do it when I'm free and running with the others.

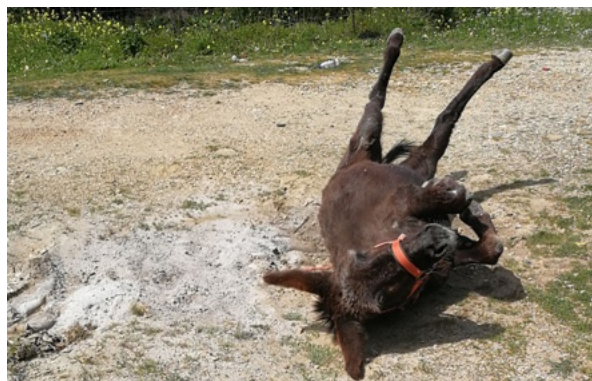

What do I love? I love sweet bread and other things that are not good for me. I also enjoy eating from trash cans. If we come across a trash can, make sure I can't reach it! I also like to roll in soft sand.

I love people, and I like to be cuddled, especially by smaller people and children. I also appreciate it when you talk to me and tell me what we're going to do. I understand you, even though I can't speak.

During walks, I tend to walk from left to right, especially uphill and downhill because it's easier, and of course, if there's tasty food on the side of the road. Please don't let me eat too much, or I'll become overweight again.

There are a few things I don't like. For example, shouting startles me, and I don't know what to do. I also don't like it when you pull on my halter without telling me what we're going to do. I used to start fighting, but now I just stand still.

I'm very happy with my donkey friends. My best friend is Eos, the leader of our herd. I prefer to walk near her, and of course, I wait for her when she's busy or taking her time.

I would love it if you could come for a walk with me, and did I mention that I absolutely adore apples?
